

Arizona Silver Belt

THURSDAY, APRIL 1, 1907.

LOCAL NEWS.

Mr. Elder, a cattle buyer from Kansas, arrived last week with John Pringle.

Susie Gill, charged with shooting Geo. L. Murphey, was released from jail on bonds last Saturday.

The board of supervisors meets April 5, that being the date for the regular quarterly meeting.

Miss Hattie Whitehill, niece of Mrs. J. C. Ramsdell, was married to H. L. Dotson, March 24, in Silver City, N. M.

F. W. Westmeyer returned on Tuesday from the hot springs near Fort Thomas, having derived no benefit from his stay there.

Messrs. E. F. Kellner, senior and junior, left on Monday for Phoenix, and after a stop of a few days there will go east, to Boston and New York.

Andrew Miller, photographer of Silver City, N. M., arrived in Globe last Thursday and has erected his tent on Broad street, adjoining Dr. Collins' residence.

Reduced prices in fashionable millinery at Miss Hancock's. Also stylish dressmaking. North of Griffith & Bonnell's meat market, Broad street, Globe.

Father Timmerman, of Solomonville, spent several days here the past week. He held Catholic services on Sunday and Monday, which were well attended.

Globe has experienced a repetition of the cold snap of last week. On Tuesday and Wednesday nights ice formed and early fruits were further damaged.

A private letter from Phoenix states that all kinds of fruit were killed, and small grain and alfalfa were frozen to the ground around Phoenix, Tempe and Mesa by last week's cold wave.

E. H. Cook, superintendent of the United Globe Mines, is expected home this evening. He will be accompanied by Professor Douglas and Messrs. Dodge and Van Vleet, of New York, stockholders in the company.

Deputy Sheriff Joe McKinney returned from Solomonville yesterday. So far as he knows none of the prisoners sent from this county on the charge of selling whiskey to Indians were indicted.

Ed Towksbury and an outfit of 25 men will commence today gathering the Pringle cattle. The roundup starts at Horseshoe Bend, Salt River. The first delivery will be made May 10, at Holbrook.

J. G. Oldfield, who became alarmed for the safety of his family and property at Lake Providence, La., left for home yesterday morning. The serious breaks in the levees on the Arkansas banks of the Mississippi threaten a large area of northeastern Louisiana with inundation.

An important strike of ore was made recently in the Hooser, the principal mine of the United Globe. The ore body is large and the ore of very fine quality. The several mines of the company are supplying more ore than can be smelted in the 36-inch jacket now in operation.

Bert Haverly and Hugh Higdon have gone out to the New York and Chicago copper claims, near the Tanks, the property of the Old Dominion Copper Mining & Smelting Company, to commence work. They have taken a lease on the claims and expect by sinking 30 feet to strike a good body of copper ore.

C. E. Taylor and Chas. Holzman returned on Tuesday from Tucson where they were royally entertained by their brother Masons. The pleasure of the trip to Mr. Taylor was marred by a painful accident which befell him in the old pueblo. While ascending the steps at the hotel his left foot caught in a crack and he fell backward, spraining the great toe. It gave him little concern at the time, but the injury soon became painful and he suffered a good deal from it on the trip home. He is able to get about with the aid of a crutch.

Roberto Sullivan, a Mexican prisoner, made his escape from the jail yard last Saturday afternoon. As had been the practice the prisoners were let out into the yard for exercise and to do various chores, and it is surmised that while Jailer Colom was directing the piling of some wood in the rear, near the eastern corner of the yard, Sullivan, who is an athlete and circus performer, scaled the north fence, which is about seven feet high, with four strands of barbed wire above it. He did it without making any noise, and his absence was not immediately noted. Another theory is that Sullivan secreted himself in the well or outhouse until the other prisoners returned to the jail, when he escaped unobserved. When the loss was discovered, Sheriff Williamson started out at once and was gone nearly all day Sunday, but got no trace of the fugitive. Sullivan and a companion made a murderous assault upon another Mexican on Pinal mountain last January, and Sullivan was captured a few days later by Deputy Sheriff Joe McKinney after a hard chase near Picocho station, on the Southern Pacific. His escape is probably a fortunate thing for the county, as it is doubtful if the chief witness against him would appear in court.

Mrs. H. H. McNelly and children went to Salt river this morning to visit the family of Geo. E. Shute.

There will be a business meeting of the Globe Social Club next Monday evening at 8 o'clock at the court house.

Lewis Jordan, representing the Arizona Tailoring Company, of Phoenix, was among the visitors to Globe this week.

There will be preaching at the Methodist church next Sunday morning, and a sacred concert in the evening.

Jas. H. Gish, who had a leg broken in the Black Warrior shaft Feb. 4, has been out for a week and will soon be able to throw away his crutches.

J. H. Baker is in town today. He says cattle on the Salt river and Tonto ranges are in fine condition and feed is better than for many years.

H. H. Pratt, E. L. Benbrook, Modesto Borquez, Jr., and Alex Graydon, who were witnesses before the U. S. court at Solomonville, returned home last Saturday.

Geo. L. Murphey appeared on the street Wednesday for the first time since the unfortunate affray, March 21, when he was shot through the right shoulder.

Harry W. Nash, who has been teaching the public school under the Rim, twelve miles above Payson, arrived in Globe Tuesday evening. His school has closed for the term.

John Pringle, who wintered in Kansas, returned to Globe last week to look after the details of the big cattle deal in which he and his brother Robert are sellers to J. G. Hall of Deming.

A. L. Trippel, the gent from Arizona charged with forging the names of Judge Magoffin and an Arizona man's checks, was bound over last evening by Justice Bridger. Trippel is in the county jail. —El Paso Herald.

Councilman George W. P. Hunt, who, since the adjournment of the legislature has been sojourning in Southern California, is expected home within a few days. He will receive a warm welcome from his friends and constituents.

Wm. C. Wineter, who had his right leg broken below the knee, in the Lost Gulch Company's mine, March 19, was brought to town last Saturday. Dr. Collins put the broken limb in a plaster cast, and Wineter is doing as well as could be expected. The Lost Gulch Company is looking after his comfort.

Information was received last night that Tom Haley was shot at six times by a neighbor, at his home on Mineral Creek, last Sunday afternoon. Mr. Haley was sitting in his cabin reading a paper when the man (a brother-in-law of Mr. Dunham, owner of mines on Mineral Creek,) entered and asked Haley why he had refused to speak to him. It seems there was a misunderstanding between them and Haley replied that he did not know him and did not see why he should speak to him. The man backed out of the door and as he did so opened fire on Haley and shot six times without effect. Haley returned the fire and followed the man until he got inside of his own yard.

The only foundation for the report that the Old Dominion Copper Co. is to close down, is contained in the following extract from the Boston Herald of March 17, which can be dismissed as idle rumor: "Out of 150,000 shares of Old Dominion stock outstanding two people command 94,000 shares, and of this amount a New York director holds 78,000 shares. We understand that the holdings of this stock are strong enough to warrant drastic action as respects the railroad extension to Globe, and that as Mr. Garland, the president of the railroad company, owns the timing interest, and does not come to terms with Mr. Huntington, there is some discussion among the owners of the mine as to the advisability of closing the Old Dominion mine until the railroad extension question is settled."

The stage from Riverside last Sunday, with five passengers aboard, met with disaster on the grade some distance below Pioneer. One of the front wheels collapsed, and the stage turned over. John Cramer, a passenger, was unable to extricate himself and sustained a painful injury to his left hip, shoulder and side. The other passengers escaped without damage, although W. W. Hill, superintendent of the Black Warrior Copper Co., pitched twenty feet down the embankment. Mr. Hill walked several miles to Bremen's mill, for assistance. Meanwhile, at the suggestion of Mr. Cramer, the three wheels were changed on the stage and a skid placed under the hind axle, and in this manner the party reached Pioneer, where another wheel broke. The three passengers with Mr. Cramer then footed it to Bremen's mill where Mr. Hill procured a wagon to bring them to Globe. Mr. Cramer and the stage driver were picked up by the buck-board following the stage with the baggage, and reached Globe late Sunday night. It was a rough experience for Mr. Cramer who has not yet recovered from his injuries.

THE TEMPERANCE CAUSE.

Major C. A. Bateman, lecturer of the International Supreme Lodge, I. O. G. T., delivered five lectures on temperance at the Methodist church during the past week. Major Bateman is an earnest and pleasing speaker and succeeded in arousing considerable interest in the subject of temperance work.

As the result of his visit here Bateman Lodge, Good Templars, of Globe, was organized with 66 charter members, and officers elected as follows:

C. T. P. Robertson; V. T., Mrs. Carrie Harrington; secretary, O. W. Rowell; assistant secretary, Mrs. V. Y. Smith; financial secretary, Mrs. Flora I. Hamill; treasurer, B. F. Pascoe; chaplain, H. Jewell; marshal, H. H. Pratt; deputy marshal, Mildred B. Nance; guard, Mrs. H. Q. Robertson; sentry, C. D. Ferguson; S. J. T., Mrs. W. M. Claypool; P. C. T., Mrs. W. F. Rawlings; L. D., W. E. Jewell; organist, Sadie Ramsdell; directors, J. F. Crampton, B. F. Pascoe, C. D. Ferguson, Miss Agnes Vinyard and Mrs. E. Young.

Just received at the St. Louis Store, knee pants for boys from 4 to 13 years, 25 cents per pair.

It is reported that the eastern parties whom E. E. Wann had interested in the bond on the Mazatzel copper claims near Payson have thrown it up, and Mr. Wann has left the territory. Other parties, it is said, are ready to take a bond on the property.

John Shankard and City Attorney Pierce Evans went to Solomonville last night to attend the Federal District Court. Mr. Shankard has been indicted for illegally cutting timber from off of Government land at or near Maricopa. It is news to know that there is or ever was timber in that section apart from scrub mesquite. —Prescott Herald.

Inspector McCormick, who negotiated the treaty with the Apaches for the segregation of the coal fields, was recently in Wilcox and informed one of our citizens that the survey of the line made by Mr. Logan was found to be defective, the line at one point taking in 800 feet more than the treaty contemplated. The error will necessitate a resurvey of fourteen miles of the line. —Range News.

Messrs. E. H. Cook, C. E. Taylor and Chas. Holzman, of Globe, who arrived in Tucson Thursday, were exalted to the Royal Arch degree of Masonry. Alonzo Bailey, president and treasurer of the Old Dominion Commercial Company, of Globe, who has passed through all the mysteries of Masonry, was captain of the party. After the honors were conferred the new members gave a royal banquet to the members of the chapter at the New York Kitchen. —Star.

D. R. Gerard and Anton Trojanovic while on the way to town from Lost Gulch last Saturday, met with a mishap which proved rather serious to Anton. While riding at a brisk gait through Miami valley, Anton's horse stumbled and fell, throwing him on his head. Gerard was unable to check his steed and they came to grief also, over the prostrate form of Anton's horse. It was a bad mix, in which Anton sustained all the injury. He received a bad cut on the left temple, and was unconscious for a couple of hours after being brought to town. He was able to be about again next day, but says Fitzsimmons' knock-out blow isn't a circumstance to the job he received.

PHOTOGRAPHS.
I wish to announce to the public that I have established my photograph gallery in the rooms adjoining Sultan's store, prepared to turn out the same class of high grade work that you have had from me heretofore, and in the latest styles. I make the beautiful platinumotypes, now so popular. Come and see them; they cost only one dollar more per dozen than the old kind. A. MILLER.

Did You Ever
Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all female complaints, exerting a wonderful direct influence in giving strength and tone to the organs. If you have loss of appetite, constipation, headache, fainting spells, or are nervous, sleepless, excitable, melancholy or troubled with dizzy spells, Electric Bitters is the medicine you need. Health and strength are guaranteed by its use. Fifty cents and \$1.00 at H. C. Hitchcock's drug store.

The popularity of Chamberlain's Cough Remedy and the high esteem in which it is held leads us to believe it to be an article of great worth and merit. We have the pleasure of giving the experience of three prominent citizens of Redondo Beach, Cal., in the use of the remedy. Mr. A. V. Trudell says: "I have always received prompt relief when I used Chamberlain's Cough Remedy. Mr. James Orchard says: 'I am satisfied that Chamberlain's Cough Remedy cured my cold.' Mr. J. M. Hatcher says: 'For three years I have used Chamberlain's Cough Remedy in my family and its results have been satisfactory.' For sale by H. C. Hitchcock, druggist.

ADOLPH ZIPSER.
Supt. W. W. Hill, of the Black Warrior Copper Co., went out to the mines on Tuesday. The company is working the usual force of men in the development of the property. President J. W. Fleming is expected here from Phoenix next week.

H. F. Banta, of the Pick and Drill, the only paper in Arizona devoted exclusively to the mining interest, visited Globe this week and was a welcome caller at THE BELT office. As the exponent of the chief industry of Arizona the Pick and Drill has a great field and we hope to see it prosper.

Haunted!
The human tenement is often haunted—to the grievous discomfort of its possessor—by those malignant spirits, constipation and biliousness. But the abominable pair may be speedily driven out with the potent help of Hostetter's Stomach Bitters. This genial alterative, while it relieves the bowels and regulates the liver, never, as a drastic purgative does, produces violent effects and weakens the system. On the contrary, the action of the Bitters is precisely analogous to an effort of nature seeking to resume her proper functions. This furnishes pretty conclusive evidence that it is better to use persuasive means, so to speak, than to endeavor to coerce nature to a return to duty. Violent remedies produce only a temporary effect. Discovery, B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 25th street, Chicago, always keeps it at hand and has no fear of croup, because it instantly relieves. Free trial bottles at H. C. Hitchcock's drug store.

PROPERTY FOR SALE.
Seven dwelling houses near the Old Dominion smelter, bringing in a good rental, will be sold at a reasonable figure to a cash purchaser.

Condensed Testimony.
Chas. B. Hood, Broker and Manufacturer's Agent, Columbus, O., certifies that Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, proprietor of the St. James Hotel, Ft. Worth, Ind., testifies that he was cured of a cough of two years standing, caused by la grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 25th street, Chicago, always keeps it at hand and has no fear of croup, because it instantly relieves. Free trial bottles at H. C. Hitchcock's drug store.

For Sale.

A. E. Kilpatrick, of Fillmore, Cal., had the misfortune to have his leg caught between a cart and a stone and badly bruised. Ordinarily he would have been laid up for two or three weeks, but says: "After using one bottle of Chamberlain's Pain Balm I began to feel better, and in three days was entirely well. The peculiar soothing qualities which Chamberlain's Pain Balm possesses I have never noticed in any other liniment. I take pleasure in recommending it." This liniment is also of great value for rheumatism and lame back. For sale by H. C. Hitchcock, druggist.

Notice of Forfeiture.

To E. O. Kennedy and T. A. Loneragan, or to whom it may concern:
This is to notify you that I, as co-owner in the Black Oxide mine, situated in the Territory of Arizona, County of Gila, and more particularly described in Book 4, page 94, of Gila County Mining Records, have done and performed the annual work on said claim for the years of 1905 and 1906. This, therefore, is to notify you, and each of you, that if you do not pay your full proportion of the cost of said work, together with the costs of this advertisement within ninety days after the expiration of this notice, that your interest in said claim as co-owner will utterly cease, and by operation of law become the property of the undersigned.
